Covid-19 Update

Dear Kitchen Places Friends:

We hope to find you safe & well. At Kitchen Places, we stay committed to servicing our customers while taking every precaution to keep our team, our clients, and our community safe. To that end we have adapted protocols for limited business operations effective Monday, May 4, 2020 and are as follows:

- Personal consultation of your project is available via phone or a virtual conference.
- The showroom will remain available by appointment only and limiting the showroom space to one client at a time.
- For the overall safety of everyone, please refrain from shaking hands or close contact with our staff. We apologize that we have to skip this custom at this time. We do this out of care for you and our staff.
- For the overall safety of everyone, we request that all visitors to our showroom wear a mask & sanitize their hands upon entering and exiting the showroom. All staff must wear a mask when meeting with clients or business partners.
- Hygiene measures will stay in place by keeping all horizontal and vertical surfaces clean after every showroom visit.

We continue to highly leverage one of our core values – Innovation - by exploring new ways of assisting you in your project and, at the same time, keep you safe.

We will continue to monitor the situation and make adjustments quickly, as necessary. We appreciate the confidence you've placed in us for caring for this valuable asset in your home, your kitchen, bath, or other room. It's a responsibility we don't take lightly.

Don't hesitate to contact me directly should you have any questions or additional concerns.

Kindest Regards,

Kitchen Places, Inc.
